

GOKULNATH A

Bachelor of Engineering (B.E) Metallurgical Engineering

☐ 09942092295

E-mail: gokulnath.psg@gmail.com

OBJECTIVE

To work in a challenging environment where I can unleash my skill and knowledge with full dedication towards the accomplishment of the organization's objective and where learning is an un-ending process.

PERSONAL DETAILS

DATE OF BIRTH	: 05-09-1991	AGE	: 32
FATHER'S NAME	: Mr. Aysamy R	SEX	: Male
MOTHER'S NAME	: Mrs. Rameswari G	MOTHER TONGUE	: Tamil

EDUCATIONAL QUALIFICATION

PSG College of Technology, Coimbatore-2015	CGPA: 7.36
<i>Bachelor of Engineering (BE) in Metallurgical Engineering</i>	
Sri ragavendra Higher Secondary School, Sathy-2015	Score: 86.5 %
<i>Tamil Nadu State Board</i>	
Sri ragavendra Higher Sec. School, Sathy-2007	Score: 80.0 %
<i>Tamil Nadu State Board</i>	

PROFESSIONAL EXPERIENCE

Stanley Black & Decker, Pune; Senior Materials Engineer, Engineering; Duration: August 2021 - present

Job Responsibilities:

- Establishment and management of materials laboratory to support engineering and incoming quality team on component quality evaluation, Benchmarking sample analysis, failure analysis on inline failures, test labs and market returns.
- Vendor development Support to Sourcing team on Supplier technical assessments on Indian suppliers of Heat treatment, casting, Machining, Injection Molding, Forging.
- Providing technical support to suppliers on new product developments and matured products quality issues.
- Alternate material/ grade suggestion and approvals on Localisation/VAVE activities.

PROJECTS HANDLED

- Localization of Machining, Forging & Heat treatment parts (Shafts, Spindles) leading to a cost saving of \$ 726K.

Lucas-TVS Ltd., Pondicherry; Engineer - Metallurgist, Materials laboratory; Duration: July 2015 – July 2021(6 Years)

Job Responsibilities:

- Raw Material inspection as per yearly Plan. Metallurgical Analysis which includes microstructure, hardness, tensile testing, Impact Testing, macrostructure(grain flow), case depth analysis for carburized, induction hardened and Nitrided parts.
- Controlling heat treatment parameters at supplier end, supplier process audit and new heat treatment qualification as per CQI-9
- Providing various declaration to customers such as HCSMS, HAZMAT, IMDS, Conflict mineral survey, ELV compliance, POP declaration and other customer specific declarations.
- Vendor development through technical assistance to vendors. Carrying out scheduled supplier audits
- Planning and procurement of consumables, calibration and maintenance of all lab equipments as per standard.

EXPOSURE

- Knowledge on various international material and testing standards such as IS, JIS, BS, AISI. Handled wide range of materials including steel, Aluminium, copper, Brass, Bronze, Rubbers, Plastics.
- Knowledge on various process such as pressure die casting, forging, Heat treatment, welding, Injection molding, plating, powder metallurgy and Metal injection molding.
- Handled material testing equipments such as Vickers, Microvickers, Rockwell hardness, tensile testing, Mettler density balance, Melting point apparatus(Plastics), Spectrometer, XRF spectrometer, Microscope, Colour booth, Spectrophotometer.
- Approval of new source through auditing based on CQI standards such as CQI 9, CQI 11, CQI 12 & CQI 15. Heat Treatment of steels mainly carburizing, carbonitriding, hardening and tempering.

PROJECTS HANDLED

- Localization of Drive assembly unit for Two wheeler starters

MAJOR AWARDS/CERTIFICATION

- Served as '**Joint secretary**' and '**secretary**' for **Materials Advantage Society, Coimbatore chapter**, for the academic year 2013-14 & 2014-15.
- Gate score: 294 (2016) , 283 (2017)

HOBBIES

- Reading Novels & Playing Carom

I, GOKULNATH A, do hereby confirm that the information given above is true to the best of my knowledge.
