Address: 141-B, Street No. 2/E, Passi Nagar, Pakhowal Road,
Ludhiana-141013, Punjab, India

CAREER OBJECTIVE

Dedicated and results-oriented Mechanical Engineer with over 14 years of experience in New Product Development, Quality Management, and Supplier Development within the bicycle manufacturing industry. Committed to driving process improvements, ensuring compliance with ISO/BIS standards, and contributing to organizational growth through innovation, efficiency, and teamwork.

SYNOPSIS

- **B.Tech in Mechanical/Production Engineering** from **Guru Nanak Dev Engineering College, Ludhiana.**
- Expertise in **Product Development, Manufacturing Processes, and Quality Assurance Systems.**
- Skilled in **SAP (MM & QM Modules), AutoCAD, Kaizen, Poka-Yoke, 5S, and ISO/BIS Documentation.**
- Strong analytical, organizational, and **cross-functional leadership abilities.**
- Proven ability to manage **multiple projects under tight deadlines** with minimal supervision.

ACADEMIA

- **B-Tech (M.E. /P.E.)** from **Guru Nanak Dev Engineering College, Ludhiana, P.T.U;** attained **75 %.** (2008-2012)
- **10+2 (Non Medical)** from **R.S. Model Senior Secondary School, Ludhiana, P.S.E.B;** attained **69 %.** (2007-2008)
- **High School** from **Sargodha National Public Senior Secondary School, Ludhiana, P.S.E.B;** attained **73 %.** (2005-2006)

JOB EXPERIENCE – 14 Years

Hero Cycles Limited, Ludhiana | Manager – New Product Development (March 2025 – Present)

Reporting to: Vice President (R&D)

- Led end-to-end **New Product Development (NPD) lifecycle** from concept to mass production, ensuring alignment with quality, cost, and timeline targets.
- Implemented and managed **Stage-Gate (Toll Gate) process (TG0-TG5)** to ensure structured reviews, risk mitigation, and timely approvals.
- Coordinated with **cross-functional teams** (R&D, Quality, Production, Supply Chain, Marketing) for seamless project execution.
- Monitored **product costing** at each development stage to ensure target cost achievement before production release.

- Managed **prototyping, validation, and testing activities** to ensure compliance with **ISI/ISO standards** and product performance requirements
- Led **pilot trials, line setup, and SOP implementation** to support smooth production ramp-up
- Maintained accurate **Bill of Materials (BOM)** and ensured **SAP integration and documentation control** for CKD/SKD models.
- Conducted **testing and validation of new products**, ensuring performance and reliability.
- Led **Raw Material (RM) rationalisation** by standardizing materials, reducing SKU complexity, and optimizing material utilization across product lines.
- Delivered **Business Excellence (BE) cost savings** through Value Analysis/Value Engineering (VAVE), design optimization, and process improvements.
- Managed **engineering changes (ECN)** and ensured proper implementation across all functions.
- Tracked project progress using **milestone planning tools (Gantt charts)** and ensured on-time delivery of NPD projects.

Avon Cycles Limited, Ludhiana | Sr. Manager – Quality (Nov 2023 – Feb 2025)

Reporting to: Joint Managing Director

- Led **strategic quality initiatives** across organization, aligning QMS with business goals and customer expectations.
- Developed and implemented **Quality Management System (QMS)** in line with ISO 9001:2015 and BIS requirements.
- Conducted **supplier audits, process audits, and product audits**, ensuring compliance with defined standards and specifications.
- Managed **customer complaints and warranty analysis**, driving root cause analysis (RCA) using 7 QC tools.
- Ensured timely **CAPA closure** and reduced recurring issues through systemic corrective actions.
- Implemented **incoming quality improvement initiatives**, reducing rejection rates and improving vendor performance.
- Established **inspection standards, control plans, and quality checkpoints** for critical components.
- Led **calibration management system** for measuring instruments, ensuring accuracy and compliance with audit requirements.
- Maintained complete **quality documentation**, including SOPs, WI, inspection reports, and audit records.
- Drove **continuous improvement initiatives** through Kaizen, Poka-Yoke, and Lean practices to enhance process efficiency and reduce defects.
- Ensured **BIS certification compliance** for bicycles and components, including testing, documentation, and audit readiness.
- Strengthened **cross-functional quality integration** with NPD, Production, and SCM for new product launches and improvements.
- Led **team management and manpower planning** for QA/QC functions, improving team productivity and accountability.

S.K. Bikes (P) Limited, Ludhiana | Manager – Quality & Supplier Management (Dec 2012 – Oct 2023)

Reporting to: Executive Director

- Managed **shop floor quality operations** including incoming, in-process, and final inspections to ensure product conformity.

- Developed and implemented **inspection standards, SOPs, and control plans** for various bicycle components.
- Led **supplier onboarding and development**, including vendor selection, initial capability assessment, and process validation.
- Conducted **regular supplier audits and follow-ups**, improving incoming quality and reducing rejection levels.
- Handled **day-to-day quality issues**, performing RCA using 7 QC tools and implementing effective CAPA on the shop floor.
- Reduced defects through **process corrections, operator training, and mistake-proofing (Poka-Yoke)**.
- Managed **government tender projects**, ensuring strict adherence to specifications, inspection protocols, and approvals
- Coordinated with external agencies for **product testing and certification compliance**.
- Implemented **5S and basic CI initiatives** to improve workplace organization and reduce process variability.
- Maintained **inspection records, calibration systems, and quality documentation**
- Supported **BIS Certification and COC documentation** for frames, forks, and reflectors.

TRAININGS COMPLETED

- Optimization of Process Capability – **New Swan Auto Comp Pvt. Limited, Ludhiana (6 months)**.
- Learning about Different Processes and Inspection Equipment – **G.S. Auto International Limited, Ludhiana (6 weeks)**.
- **SAP Training** – 6 months (System, Application & Products in Data Processing).
- **Testing of Bicycle and Bicycle Parts** – BIS at **R&D Centre for Bicycle & Sewing Machine, Ludhiana**.
- **Frame Requirements & MTB SIS Training** – Conducted by **Shimano**.

TECHNICAL SKILLS

- **Software:** SAP (MM & QM Modules), AutoCAD, Microsoft Office Suite.
- **Quality Tools:** 7 QC Tools, Kaizen, Poka-Yoke, 5S, VAVE.
- **Documentation:** ISO 9001:2015, BIS Certification, ERP Reporting.

EXTRA CURRICULAR ACTIVITIES

- Member of NSS (National Service Scheme).
- Member of SAE INDIA (Society of Automotive Engineers).
- Active participation in college fests.
